BH Technology Group

Cornhole Toss is a lawn game in which players take turns throwing bean bags at a raised platform with a hole in the far end. A bag in the hole scores 3 points, while one resting on the board scores 1 point. Game play continues until a team or player reaches or exceeds the score of 21 by means of cancellation scoring.

All funds raised by this league will benefit **BH Technology Group**, a nonprofit whose mission is to enable our community's older adults to learn how to use technology to remain independent, stay connected to family/friends and enjoy continuous learning at any age. Game of Corns Rules

Our first and most important rule is to **have fun!** Please keep in mind we are a social, recreational league so take time to get to know your opponents and teammates. Everyone's here for a good time, so please exercise sportsmanship!

Set-Up

Each Field consists of two boards spaced 27 feet apart front-to-front and two sets of 4 bags.

The Match

A match is made up of 1 game. Each game is made up of frames wherein two members of each team (one at each end of the field) take turns tossing their team's bags towards the opposite board, taking care not to cross the foul line. Play continues until all (8) bags have been tossed. At the conclusion of each frame, the score is calculated, and the higher-scoring team adds the net to its game total. Control of the bags is transferred to the players at the opposite board, and a new frame begins. A game winner is determined when a team reaches or surpasses 21 at the conclusion of a frame. Number of frames played varies per game.

Each league night each team will play 4 matches of up to 20 minutes each. A match winner is the team that reaches 21 points first. (No penalties for scoring more than 21 points.) When a whistle sounds, play is stopped and the team with the highest score will be considered the winner of that game. Warm up begins at 6:00pm. Match times will begin at 6:30 pm and matches will continue until approximately 9:10 pm.

Scoring

The object is to be the first team to reach or surpass 21 points. Points are scored by landing a tossed bag on the board (1 point) and by having a tossed bag drop into the hole (3 points).

Once all eight bags have been tossed, players calculate the points scored per team. The team with the higher number of points is awarded the point difference.

Example: Team A scores 8 points in frame 1, and Team B scores 2 points in frame 1. Team B's 2 points are subtracted from Team A's 8 points awarding 6 points to Team A's net game total.

Scoring Discrepancies

All scoring discrepancies need to be taken to the league referee immediately. The league referee will make the final ruling on all discrepancies. Please remember, we are out here to have fun! At the end of the day, it is just cornhole with friends!

Beginning a Match

The captains begin the match with a coin flip or playing rock, paper, scissors. The winner determines who gets to toss the first throw.

Knocking Opponents Bags Off Boards

This is a risky strategy some players like to use. It is fair game.

Violations Resulting in Bag Being Removed from Board

Bags may be removed from board if the player crosses the foul line before releasing the bag, the bag hits the ground and bounces onto the board, or the bag strikes an object such as a tree limb, indoor ceiling, person, etc.

Winning

The first team to reach a minimum of 21 points at the end of a frame wins the game.

Skunk

If a team is winning 13-0, it is considered a skunk and the leading team wins the game.

Playing Court

Players may stand anywhere to the left or right of the board but must stay on that side for the entire match. Court area is anywhere behind the front of the board. Teammates stand at opposite boards but must play on the same side.

Foul Line

The foul line is at the front of the board. Players must toss from behind the foul line. If a player crosses the foul line on his/her toss, that toss does not count, and they cannot toss that bag again.

Player Requirements and Substitutions

A minimum of 2 players per team must be present to play. You may substitute players after a frame (all bags have been tossed from one side) has concluded. If a player arrives late, they cannot substitute in the middle of a frame. Players may substitute at the end of each frame.

Team Rankings

Rankings are calculated based on the total overall win/loss record per night and for the entire 3 nights of league play. If needed, a tie breaker will be based on points differential.

Example of Points Differential:

Night 1: Team 1 has 4 games and wins game one by 21-19, game two by 21-15 and game three by 21-10 and game four 21-7. Total points of 84 – total points by opponents of 51.
Points Differential = 33.
